## Uzbekistan Airways Celebrates 30 Years of Flying on Airbus Wings

Bu yil Uzbekistan Airways aviakompaniyasi va Airbus o‘rtasidagi hamkorlikning 30 yilligi nishonlanmoqda. Uzbekistan Airways aviaparkini yangilash jarayoni aynan Airbus havo kemalari bilan boshlandi. Natijada aviakompaniya faoliyatining dastlabki yillaridanoq dunyoning mashhur mamlakatlariga parvozlarni amalga oshirish imkoniyatiga ega bo‘ldi.

Thirty years of cooperation between Uzbekistan Airways and Airbus is celebrated this year. The process of renewing the Uzbekistan Airways fleet was launched with the deliveries of Airbus aircraft. The airline was able to operate flights to popular countries around the world in the first years of its existence.

# Uzbekistan Airways tomonidan xarid qilingan birinchi Airbus havo kemasi qanday ko‘rinishga ega bo‘lgan?

**What did the first Airbus aircraft purchased by Uzbekistan Airways look like?**

Uzbekistan Airways va Airbus o‘rtasidagi ilk shartnoma uzoq davom etgan hamjihatlikdagi faoliyat, Airbus zavodlariga xizmat safari, samolyotlarning texnik imkoniyatlarini o‘rganish, Germaniya va Fransiyada uchuvchilarni qayta tayyorlash (yangi turdagi samolyotlarda parvoz amaliyotiga ega bo‘lish) dan so‘ng tuzilgan. Natijada 1993-yil 16-iyun kuni Uzbekistan Airways birinchi A310 havo kemasini qabul qildi, keyinroq esa aviapark ushbu turdagi yana ikkita samolyot bilan to‘ldirildi. Ushbu avialaynerlar Toshkentdan Nyu-York, Moskva, London, Frankfurt, Amsterdam, Istanbul, Tel-Aviv, Bangkok, Kuala-Lumpur, Seulga parvozlarni amalga oshirishni boshlagan. Havo kemalarining har biri keng va shinam salonga ega bo‘lib, 192 yo‘lovchini tashishga mo‘ljallangan edi.

Uzbekistan Airways' first contract with Airbus was signed after trips to Airbus factories, studying technical features of the aircraft, and retraining of pilots for new types of aircraft in Germany and France. As a result, on June 16, 1993, Uzbekistan Airways received its first Airbus A310 aircraft, which was later joined by two more aircraft. These aircraft were operating flights from Tashkent to New York, Moscow, London, Frankfurt, Amsterdam, Istanbul, Tel-Aviv, Bangkok, Kuala-Lumpur and Seoul. Each of the aircraft had a spacious, comfortable cabin and was designed to carry 192 passengers.

# Uzbekistan Airways va Airbus o‘rtasidagi hamkorlikni rivojlantirishda yangi bosqichga qadam

**A new step in the partnership between Uzbekistan Airways and Airbus**

Uzbekistan Airways va Airbus o‘rtasidagi hamkorlikning navbatdagi bosqichi 2007-yilda oltita A320, 2008-yilda esa mazkur turdagi yana to‘rtta havo kemasini yetkazib berish bo‘yicha shartnoma imzolanishi bo‘ldi. 2019-yil Uzbekistan Airways aviaparkiga A320 oilasining yangilangan A320neo havo kemalari kelib qo‘shildi.

2022-yilda Uzbekistan Airways aviaparki beshta Airbus A321Neo havo kemalari bilan to‘ldirildi.

The next stage in cooperation between Uzbekistan Airways and Airbus was the contract signature for six A320 aircraft in 2007, followed by four more aircraft of this type ordered the next year. In 2019 Uzbekistan Airways received a re-engined version of the A320, known as the A320neo.

Five Airbus A321Neo aircraft were added to the fleet of Uzbekistan Airways in 2022.

# Kelajakda yangi Airbus havo kemalari qanday xususiyatlarga ega bo‘ladi?

## Which changes are going to be made in the new Airbus aircraft in the future?

O‘tgan yili Uzbekistan Airways va Airbus o‘rtasida A320neo oilasiga mansub 12 ta avialaynerlarni yetkazib berish bo‘yicha shartnoma imzolandi. Yangi havo kemalarining o‘ziga xos xususiyati ularda Airspace salonining borligi hisoblanadi. Ushbu samolyotlarning salonlari keng, yorug‘, yuk javonlari katta hajmda bo‘lib, hojatxonalari esa antibakterial qoplama bilan jihozlangan. Yangi havo kemalarini yetkazib berish 2029-yildan boshlanadi.

In recent years a contract was signed between Uzbekistan Airways and Airbus for twelve A320neo Family aircraft. The primary distinctive feature of the new airliners will be the passenger cabin. The cabins of these aircraft will be spacious, well-lighted, equipped with capacious luggage bins and renovated lavatories equipped with antimicrobial surfaces. Deliveries of the new aircraft will begin in 2029.

Har bir aviakompaniya uchun asosiy ustuvor vazifa, shubhasiz, o‘z aviaparkini kengaytirishdir. Uzbekistan Airways ham bu yo‘nalishda izchil ishlar olib bormoqda. Aviyakompaniya Airbus bilan uzoq yillardan buyon hamkorlik qilmoqda va yo‘lovchilar manfaati uchun imzolangan istiqbolli shartnomalarni qo‘llab-quvvatlaydi. Uzbekistan Airways ushbu kompaniyaning samolyotlaridan qariyb 30 yildan beri foydalanadi va yaqin kelajakda yangilarini sotib olish ustida ishlashni davom ettiradi.

The top priority for every airline is undoubtedly to increase its fleet. Uzbekistan Airways is also working in this direction by cooperating with Airbus for a long time and maintaining promising agreements signed for the benefit of passengers. Uzbekistan Airways has been operating airplanes of this company for 30 years and will continue to work on getting new ones in the near future.

## Uzbekistan Airways va Airbus yana boshqa loyihalarni amalga oshirishni rejalashtiryaptimi?

Airbus kompaniyasining jamoatchilik bilan aloqalar boʻlimi menejeri Mariya Shlyaxtovaning soʻzlariga koʻra, mazkur kompaniya Uzbekistan Airways bilan uzoq muddatli hamkorlikni rivojlantirishdan va kelgusida qoʻshma loyihalarni amalga oshirishdan manfaatdor.

*"Uzbekistan Airways aviakompaniyasi Airbus'ning MDH mintaqasidagi asosiy hamkorlaridan biri hisoblanadi. Ishonchimiz komilki, biz ikki tomon uchun ham qiziqarli hamda oʻzaro manfaatli boʻlgan qoʻshma loyihalar uchun yangi imkoniyatlarni yaratamiz. Ularni muhokama qilishga har doim tayyormiz", – dedi Mariya Shlyaxtova.*

Ayni paytda Uzbekistan Airways aviaparkida Airbus oilasiga mansub 17ta havo kemasi mavjud. Ikki kompaniya o'rtasidagi uzoq muddatli hamkorlik o'zaro kelishuv, qoʻllab-quvvatlash va ishonchga asoslangan. Uzbekistan Airways Airbus bilan hamkorlikni kelajakda ham davom ettiradi.

## Are Uzbekistan Airways and Airbus planning to implement other projects?

According to Airbus PR-manager Maria Shlyakhtova, the aircraft manufacturer is interested in developing long-term cooperation with Uzbekistan Airways and joint projects in the future. To the Uzbekistan Airways inflight magazine, she stated the following:

*"Uzbekistan Airways is one of the key partners of Airbus in the CIS region.*
*We are confident that we can find new opportunities for joint projects which would be interesting and mutually beneficial for both parties. We are open to discussing new opportunities."*

Currently, Uzbekistan Airways' fleet includes 17 Airbus Family aircraft. The cooperation between the two companies is based on mutual understanding, support and trust. Uzbekistan Airways will continue its cooperation with Airbus in the future.

# Uzbekistan Airways 31 yoshda

## Uzbekistan Airways is 31 Years Old

**O‘zbekiston solnomasida uning bugungi kuni va kelajagini belgilab bergan muhim voqealar anchagina.**

31 yil avval “O‘zbekiston havo yo‘llari” Milliy aviakompaniyasining tashkil etilishi davlatimiz fuqaro aviatsiyasining rivojlanishida yangi davrni boshlab berdi. Ana shu yillar mobaynida Uzbekistan Airways brendi barqaror, xavfsiz va ishonchli aviatashuvchi sifatida dunyoga tanildi.

**There are many important events in the annals of Uzbekistan which determined its present and future.**

Thirty-one years ago, the establishment of the National Airline Company, O‘zbekiston havo yo‘llari, began a new era in the development of civil aviation in our country. During these years, the Uzbekistan Airways brand has been known to the world as a safe, stable and reliable air carrier.

O‘tgan davr mobaynida mamlakatimiz fuqaro aviatsiyasini rivojlantirish, shu jumladan havo kemalari parkini yangilash, parvozlarning yuqori darajadagi xavfsizligini ta’minlash, aeroportlar infratuzilmasini, havodagi harakatni boshqarish va malakali mutaxassislar tayyorlash tizimini takomillashtirish bo‘yicha izchil choralar ko‘rildi.

O‘zbekiston Respublikasi Prezidenti 2018-yilning 28-noyabr kuni imzolagan Farmoni doirasida fuqaro aviatsiyasi sohasidagi boshqaruvning zamonaviy shakllari va usullarini jadal joriy etish, tarmoqdagi korxonalarni jahon tendensiyalari va standartlariga muvofiq tarkibiy o‘zgartirish, aviatashuvlar bozorida raqobatni rivojlantirish va tarmoqqa investitsiyalarni faol jalb qilish uchun shart-sharoitlar yaratish maqsadida “Uzbekistan Airways” aksiyadorlik jamiyati tashkil etildi.

So‘nggi yillarda sohada katta o‘zgarishlar ro‘y berdiki, bu yo‘lovchilarga xizmat ko‘rsatish sifatini yaxshilab, parvozlar geografiyasini kengaytirishda, infratuzilmalarni zamonaviylashtirishda qo‘l keldi.

Jahon bozorida keskin raqobat bo‘lgan bir paytda aviatsiya texnologiyalarining yangiligi parvozlar xavfsizligi va muntazamligini ta’minlovchi asosiy omil hisoblanadi.

Over the past period, consistent measures have been taken to develop the civil aviation of our country, including updating the aircraft fleet, ensuring a high level of flight safety, improving the infrastructure of airports, air traffic management and the system of training qualified specialists.

Within the framework of the decree signed by the President of the Republic of Uzbekistan on November 28, 2018, the Uzbekistan Airways joint stock company was established for the rapid introduction of modern forms and methods of management in the field of civil aviation, the structural change of enterprises in the network in accordance with world trends and standards, the development of competition in the air transport market and the creation of conditions for actively attracting investments to the network.

In recent years, significant changes have taken place in the industry, which have improved the quality of service for passengers, expanded flight geography, and modernized infrastructures.

At a time of fierce competition in the world market, the innovation of aviation technologies is the main factor which ensures the safety and regularity of flights.

Xorijda ishlab chiqarilgan eng zamonaviy avialaynerlarni sotib olish esa aviakompaniya parkini yangilash uchun strategik vazifaga aylandi. Bugungi kunda Uzbekistan Airways aviaparkida 30 dan ortiq havo kemalari mavjud hamda Markaziy Osiyodagi eng yosh aviaparklardan biri hisoblanadi.

“Orzu layneri” deb ataluvchi Boeing 787 samolyotlari hamda Airbus oilasiga mansub havo kemalaridan foydalanish aviakompaniyaning taraqqiyot tomon doimiy ravishda intilishiga va rivojlanishiga katta hissa qo‘shdi.

2022-yilda Uzbekistan Airways aviakompaniyasi Airbus kompaniyasi bilan A320neo oilasiga tegishli 12 ta havo kemasini (sakkizta A320neo va to‘rtta A321neo) xarid qilish uchun shartnoma imzoladi. Yangi avialaynerlar aviakompaniyaning bugungi kunda 17 ta Airbus A320 oilasiga tegishli havo kemalaridan iborat aviaparkiga kelib qo‘shiladi.

Acquisition of airliners made in foreign countries became a strategic task to renew the airline's fleet. Today, the fleet of Uzbekistan Airways is one of the youngest in Central Asia and has more than 30 aircraft.

The use of Boeing 787 airplanes – the so-called “Dreamliner” – and aircraft belonging to the Airbus Family, have greatly contributed to the continuous progress and development of the national airline.

In 2022, Uzbekistan Airways signed a contract with Airbus for purchasing 12 aircraft belonging to the A320neo family (eight A320neo and four A321neo). New airliners will join the airline's current fleet, which consists of 17 Airbus A320 aircraft.

Airbus kompaniyasi bilan imzolangan yangi shartnoma aviakompaniya parkini modernizatsiya qilish strategiyasining yangi bosqichi bo'lib, yo'lovchilarga eng zamonaviy va qulay havo kemalarini taklif qilishni davom ettirishga, Markaziy Osiyoda Uzbekistan Airways mavqeyini yanada yaxshilashga va mintaqa ichida ham, undan tashqarida ham parvozlar xaritasini sezilarli darajada kengaytirishga yordam beradi.

The new agreement signed with Airbus is an important step in the airline's fleet modernization strategy, which will allow us to continue offering passengers the most modern and comfortable aircraft. It also further improves the position of Uzbekistan Airways in the Central Asian region and helps to expand the flight map both within and outside the region significantly.

Havo kemalarini texnik ko'rikdan o'tkazmay turib ekspluatatsiya qilish ilojsizdir. Samolyotlarning parvozga yaroqliligini tekshirish aviakompaniyaning tarkibiy bo'linmalaridan biri – Uzbekistan Airways Technics aviata'mirlash korxonasining asosiy vazifasiga aylandi. Korxona nafaqat Uzbekistan Airways, balki, xorijiy aviakompaniyalarning havo kemalariga ham – bo'yashdan tortib to'liq ta'mirlashgacha bo'lgan har qanday murakkablikdagi texnik xizmatlarni ko'rsatadi.

Bugungi kunda korxona o'zining shaxsiy ta'mirlash bazasiga ega bo'lib, unda kompozit materiallardan tayyorlangan qismlarni ta'mirlash bo'yicha zamonaviy markaz faoliyat yuritadi.

It is impossible to operate aircraft without technical inspection. Checking the airworthiness of planes has become the main task of Uzbekistan Airways Technics, one of the structural divisions of the airline. The enterprise provides technical services of any complexity, from painting to full repair. And they work not only for Uzbekistan Airways, but also for aircraft of foreign airlines.

Today, the structural division has its own repair base and operates a modern center for repairing airplane parts made of composite materials.

Ketring xizmati mahalliy va xalqaro qatnovlarning yo'lovchilari, ekipaj a'zolari va havo kemalarining texnik xodimlari uchun Islomiy qonunlarga muvofiq tayyorlanadigan oziq-ovqat yetkazib berilishini tasdiqlaydigan
GSO 2055-1:2016, HAS 23000 &23021, MS 1500:2009 standartlari sertifikatlariga ega.

Bugungi kunda Uzbekistan Airways dunyoning 30 dan ortiq shaharlariga parvozlarni amalga oshirmoqda, xorijda 20 dan ziyod vakolatxonalarga ega va aviakompaniyaning havo kemalari yiliga 25 000 dan ortiq reyslarni amalga oshiradi.

2021-yilning noyabr oyidan boshlab Uzbekistan Airways va Amadeus axborot texnologiyalari sohasida strategik hamkorlikni boshladi va aviakompaniya Amadeus Altea platformasiga o'tishni muvaffaqiyatli amalga oshirdi. Bu aviakompaniya operatsion samaradorligini oshirishiga hamda mijozlarga yuqori darajada xizmat ko'rsatishga turtki bo'ladi.

Our catering service owns the following certificate standards, which confirm the delivery of food on domestic and international flights for passengers, crew members and aircraft technicians in accordance with Islamic laws: GSO 2055-1:2016, HAS 23000 &23021, MS 1500:2009.

At the present time, Uzbekistan Airways operates flights to more than 30 cities, has over 20 worldwide offices, and conducts over 25,000 flights per year.

Starting in November of 2021, Uzbekistan Airways and Amadeus started a strategic cooperation in the field of information technologies and the airline has successfully transitioned to the Amadeus Altéa platform. This will encourage the airline to increase operational efficiency and provide high-quality customer service.

Bundan tashqari, ushbu hamkorlik aviakompaniyaning o'z strategik maqsadiga erishishiga, ya'ni Yevropa va Osiyo o'rtasida qulay avia tutashuvini ta'minlashga yordam beradi.

Yo'lovchilarni o'z hududlaridan sayohat qilishlarida yangi imkoniyatlarni yaratish maqsadida 2022-yilning 30-yanvaridan boshlab Namangandan Rossiya Federatsiyasining qator shaharlariga aviaqatnovlar yo'lga qo'yildi. Ushbu loyiha "Sharqiy xab" deb nom oldi. Endilikda Farg'ona vodiysi aholisi Namangan xalqaro aeroportidan Moskva, Samara, Perm, Omsk, Yekaterinburg, Sochi, Qozon, Mineralniye Vodi, Irkutsk va Ufaga to'g'ridan-to'g'ri qatnovlarda yetib borish imkoniga ega bo'ldi.

Moreover, this cooperation will help the airline to achieve its strategic goal, which is to provide convenient air connections between Europe and Asia.

Beginning on January 30, 2022, regular flights were launched from Namangan to a number of cities in the Russian Federation in order to create new opportunities for passengers to travel from their regions. This project is called "Eastern hub". Nowadays people in Fergana Valley can fly to Moscow, Samara, Perm, Omsk, Yekaterinburg, Sochi, Kazan, Mineralnye Vody, Irkutsk and Ufa on regular flights via Namangan International Airport.

Uzbekistan Airways yo'lovchilarga sifatli xizmat ko'rsatish turlarini kengaytirishda davom etmoqda. Aviachiptani onlayn xarid qilish uchun aviakompaniya rasmiy veb-sayti ko'rinishi yorqin ranglarda va foydalanish uchun qulayroq bo'ldi, yangi mobil ilova ishlab chiqildi. Endilikda maxsus taomga buyurtma berish, chipta sanasini o'zgartirish, joy tanlash hamda qo'shimcha yuk olib ketish xizmatlarini uydan chiqmasdan turib, sayt yoki mobil ilova orqali xarid qilish imkoniyati mavjud.

2021-yilda Uzbekistan Airways aviatashuvlarning gibrid modeliga o'tdi. Uzbekistan Express deb nomlangan yangi formatdagi loukost aviatashuvlar mana bir yarim yildirki respublikamizning deyarli barcha hududlaridan muntazam qatnovlarni amalga oshirib kelmoqda. Buning uchun Airbus 320 havo kemalari to'liq ekonom, ya'ni biznes-klass toifasisiz parvozlarni amalga oshirmoqda. Uzbekistan Airways Express aviaqatnovlarida ko'rsatiladigan xizmatlar soni qisqartirilganligi sabab aviachiptalar narxi 20% gacha arzonlashdi. Bu ham yo'lovchilarga yaratilgan yana bir imkoniyatdir.

Uzbekistan Airways continues to expand its range of quality services to passengers. The design of the airline's official website has become more colorful and it has also become easier to purchase airline tickets online. A new mobile application was launched too. Now it is possible to order your special onboard meal, rebook, choose your seat on board, buy additional baggage and use other online services on our official website or mobile app from the convenience of your home.

In 2021, Uzbekistan Airways switched to a hybrid model of air transportation. A new low-cost air carrier called Uzbekistan Express has been operating regular flights from almost all regions of our republic for the past 18 months. For this purpose, Airbus 320 aircraft are carrying out full economy flights without a business class category. Due to the reduction in the number of services provided on Uzbekistan Airways Express flights, the price of airline tickets has decreased by 20%. This is another opportunity for passengers.

Uzbekistan Airways 2022-yilda nafaqat bir qator yangi yo'nalishlarni ochdi, balki dunyoning eng ko'p tashrif buyuradigan shaharlari: Boku, Parij, Tokio, Milan, Rim, Kuala-Lumpurga parvozlarni tikladi.

Joriy yilda yangi reyslar Pekin va Jakarta shaharlaridan boshlandi, keyinchalik esa Bangkok, Berlin, Manchester va dunyoning ko'plab mashhur shaharlariga yo'lovchilar uchun to'g'ridan-to'g'ri parvozlarni yo'lga qo'yish rejalashtirilgan.

In 2022, Uzbekistan Airways not only opened new flight destinations, but also resumed flights to such cities like Baku, Paris, Tokyo, Milan, Rome, and Kuala Lumpur.

This year the airline has begun to fly to Beijing, Jakarta and has also planned to set regular flight routes for passengers to Bangkok, Berlin, Manchester and many other cities of the world.

Uzbekistan Airways 2022-yildan boshlab yangi Toshkent – Batumi, Toshkent – Sharm el-Shayx, Buxoro – Istanbul, Farg‘ona – Dubay qatnovlarini amalga oshirib kelmoqda.

Aviakompaniya mahalliy qatnovlarning narxlarini optimallashtirishda davom etmoqda, bu esa fuqarolarimizga mamlakatimiz miqyosida ko‘proq sayohat qilish imkoniyatini yaratadi.

Kichik aviatsiyaning ichki turizmni rivojlantirishga qo‘shayotgan hissasi ham e’tirofga loyiq. “Uzbekistan Helicopters” MChJ aviakompaniya rentabelligini oshirish va uni diversifikatsiya qilish hamda vertolyot xizmatlarini keng targ‘ib qilish maqsadida ikkita Airbus H-130 vertolyotlarini foydalanish uchun qabul qilib oldi.

Starting in 2022, Uzbekistan Airways is carrying out new routes: Tashkent - Batumi, Tashkent - Sharm el-Sheikh, Bukhara - Istanbul, and Fergana - Dubai.

The airline continues to optimize the prices of local flights, which gives our citizens the opportunity to travel more within the country.

The contribution of business aviation to the development of domestic tourism deserves recognition as well. Uzbekistan Helicopters LLC has received two Airbus H-130 helicopters for use in order to increase the profitability and diversification of the airline, as well as to widely promote helicopter services.

Vertolyotlarga xizmat ko‘rsatish uchun uchuvchilar va texnik xodimlar jamoasi shakllantirildi. Bugungi kunda Uzbekistan Helicopters aviaparkida ichki turizmni rivojlantirishga qaratilgan 2 ta MI-8-MTV, 2 ta Airbus H-125 va 2 ta Airbus H-130 vertyolyotlari mavjud.

2022-yilda qator loyihalar ishlab chiqildi. “Ilk parvozim” ijtimoiy loyihasi “Temir daftar”ga kiritilgan ayollarni bir kun davomida hayot tashvishlarini unutib, sayohat qilish imkoniyatini yaratishni maqsad qildi. Loyihada Toshkent, Sirdaryo, Namangan viloyati ayollariga mamlakatimizning mashhur shaharlari, ularning ziyoratgohlari bo‘ylab sayohatlar tashkil etildi. Xiva, Buxoro, Termiz va Toshkent shaharlarida bo‘lib o‘tgan sayohat bilan birga munis ayollar o‘z orzularini – havo kemasida parvoz qilish imkoniyatiga ega bo‘ldilar.

It has formed a group of pilots and technicians to service the helicopters. Today, Uzbekistan Helicopters' fleet has 2 MI-8-MTV, 2 Airbus H-125 and 2 Airbus H-130 helicopters aimed at the development of domestic tourism.

In 2022, a number of projects were developed. The social project “Ilk parvozim” (My first flight) aimed to create an opportunity for women who are included in the so-called “Iron Notebook” (in Uzbek “Temir Daftar”) welfare program to travel for a day and help them forget life's problems. In the project, trips were organized to Uzbekistan's famous cities and their shrines for women from Tashkent, Syrdarya, and Namangan regions. Along with the trip to the cities of Khiva, Bukhara, Termiz and Tashkent, pure-hearted women fulfilled their dream - the opportunity to fly in an airplane.

Aviatsiya bu katta kompleks jarayon va xizmat. Aviatsiya – ko‘p tarmoqli kasblar va uchuvchilar, aviadispetcher va aviatexnik, bortkuzatuvchi va bortmuhandislar degani.

Hisobchilardan tortib bort taomlarini tayyorlovchi oshpazlar, havo kemasining elektr tarmoqlari uchun javobgar shaxslar, iqtisodchi, IT-mutaxassislar, marketologlar, supervayzerlargacha bularning hammasi aviatsiya demakdir. Ularsiz aviakompaniya rivojlana olmagan bo‘lar edi. Mamlakat bo‘ylab har kuni o‘nlab havo kemalarining osmonga ko‘tarilishida, havo kemalarining texnik xizmat ko‘rsatishda ularning barchasining o‘z o‘rni bor. Va bularning hammasi parvozlarni xavfsiz va qulay amalga oshirish yo‘lida bajarilayotgan ishlardir.

Aviation is a huge and complex process and service. Aviation includes multidisciplinary professions and pilots, air traffic controllers and flight technicians, flight attendants and flight engineers.

From accountants to cooks who prepare in-flight meals, from persons responsible for aircraft electrical networks to economists, IT specialists, marketers, supervisors – it all means aviation.
The airline could not develop without them. All of them have a role in the daily maintenance of dozens of aircraft and their flights across the country. And all this is done to make flights safe and comfortable.

31 yil aviakompaniya faoliyatida muhim sana hisoblanadi. O‘tgan yillar mobaynida zamonaviy texnologiyalar va yuqori malakali menejment tufayli aviakompaniya ishonchli aviatashuvchi va hamkor sifatida obro‘ qozondi, yo‘lovchilarga yangi hamda qulay samolyotlarni taqdim etdi, yangi yo‘nalishlarni yo‘lga qo‘ydi.

Uzbekistan Airways aviakompaniyasining faxrlanishga arzigulik yutuqlari ko‘p. Yo‘lovchilarimiz bizga ishonch bildirishmoqda. Bugungi kunda O‘zbekiston Respublikasi Prezidenti va hukumatining ko‘magi bilan aviakompaniya yangi loyihalarni amalga oshirib, fuqaro aviatsiyasini yuqori pog‘onaga ildamlashiga o‘z hissasini qo‘shib kelmoqda. Aviakompaniyani transformatsiya qilish va rivojlantirish yuzasidan belgilab berilgan ishlar esa izchil davom ettirilmoqda.

Thirty-one years is an important number in the airline's career. Over the years, thanks to modern technologies and highly qualified management, Uzbekistan Airways has gained a reputation as a reliable air carrier and partner, presented new and comfortable planes to passengers, and set off on new routes.

Uzbekistan Airways has many achievements worth being proud of. Our passengers believe in us. Today, with the support of the President of the Republic of Uzbekistan and the government, the airline implements new projects and contributes to the promotion of civil aviation to a higher level.
Specified works for the transformation and development of Uzbekistan Airways are being continued consistently.

# O‘zbekistonning o‘rganilmagan maskanlari

Unexplored Uzbekistan

# Darband darasi

## Darband Gorge

# Mahobatli Darband - vaqt to‘xtagan joy

## Mighty Darband - A Place Where Time Stands Still

O‘zbekistonning ba’zi hududlari shu qadar mahobatli va go‘zalki, ularning ko‘rinishi odamni hayratga soladi. Ular o‘zlarining sof go‘zalligi bilan ajablantirib, unutilmas xotiralarni qoldiradi. Surxondaryo viloyatining Boysun tumanida joylashgan Darband darasi ham xuddi shunday jozibali ko‘rinishga ega.

Some places in Uzbekistan are so majestic and beautiful that the sight of them takes your breath away. They amaze with their untouched beauty and leave unforgettable memories. Darband Gorge, which is located in Baysun district of Surkhandarya region, has a similarly mesmerizing effect.

Bu yerda hatto eng g‘ayratli sayohatchini ham hayratda qoldiradigan chuqur g‘orlar, ulkan kanyonlar, tiniq muqaddas buloq va million yillar oldin dinozavrlar yashagan joylar mavjud. Darband darasida o‘tmishning ma’lum bir qismlarini saqlaydigan sirli muhit hukm suradi.

“Darband” tojikchadan “daraga to‘siq” deb tarjima qilinadi. Tik qoyalarining balandligi 400 metrga yetadi, uzunligi esa 8 kilometr. Bir vaqtlar So‘g‘diyona va Hindistonni bog‘laydigan eng muhim karvon yo‘llaridan biri Darband orqali o‘tgan. Qishloq aholisi ushbu yo‘lni himoya qilish uchun mas’ul bo‘lgan, shuning uchun dara shunday g‘ayrioddiy nomga ega.

It has everything that can surprise even the most avid traveler: deep caves, giant canyons, a crystal clear sacred spring and even the places where millions of years ago dinosaurs lived. The Darband Gorge has a mysterious atmosphere that holds the remnants of a past unexplored.

Darband translates from Tajik as “barrier in the gorge”. Its steep cliffs are 400 metres high and 8 km long. Darband was once one of the most important caravan routes linking Sogdiana and India. The villagers were responsible for guarding this route, and for this reason the gorge bears such an unusual name.

Daraga kirganingizda sizga vaqt to‘xtab qolgandek tuyuladi. U yerda siz issiq chopon kiygan odamlarni hamda yalang oyoq yurib qoyalarga chiqayotgan va soyda baliq ovlayotgan bolalarni uchratishingiz mumkin. Paxsali uylar mo‘rt bo‘lib ko‘rinadi, sizni ulug‘vor qoyalar salobati bosadi. Daraga kirib borganingiz sayin uning go‘zalligi sizni o‘ziga jalb etadi va maftun qiladi. Bu tafsilotlarning barchasi Darbandning ilk jozibasini aks ettiradi.

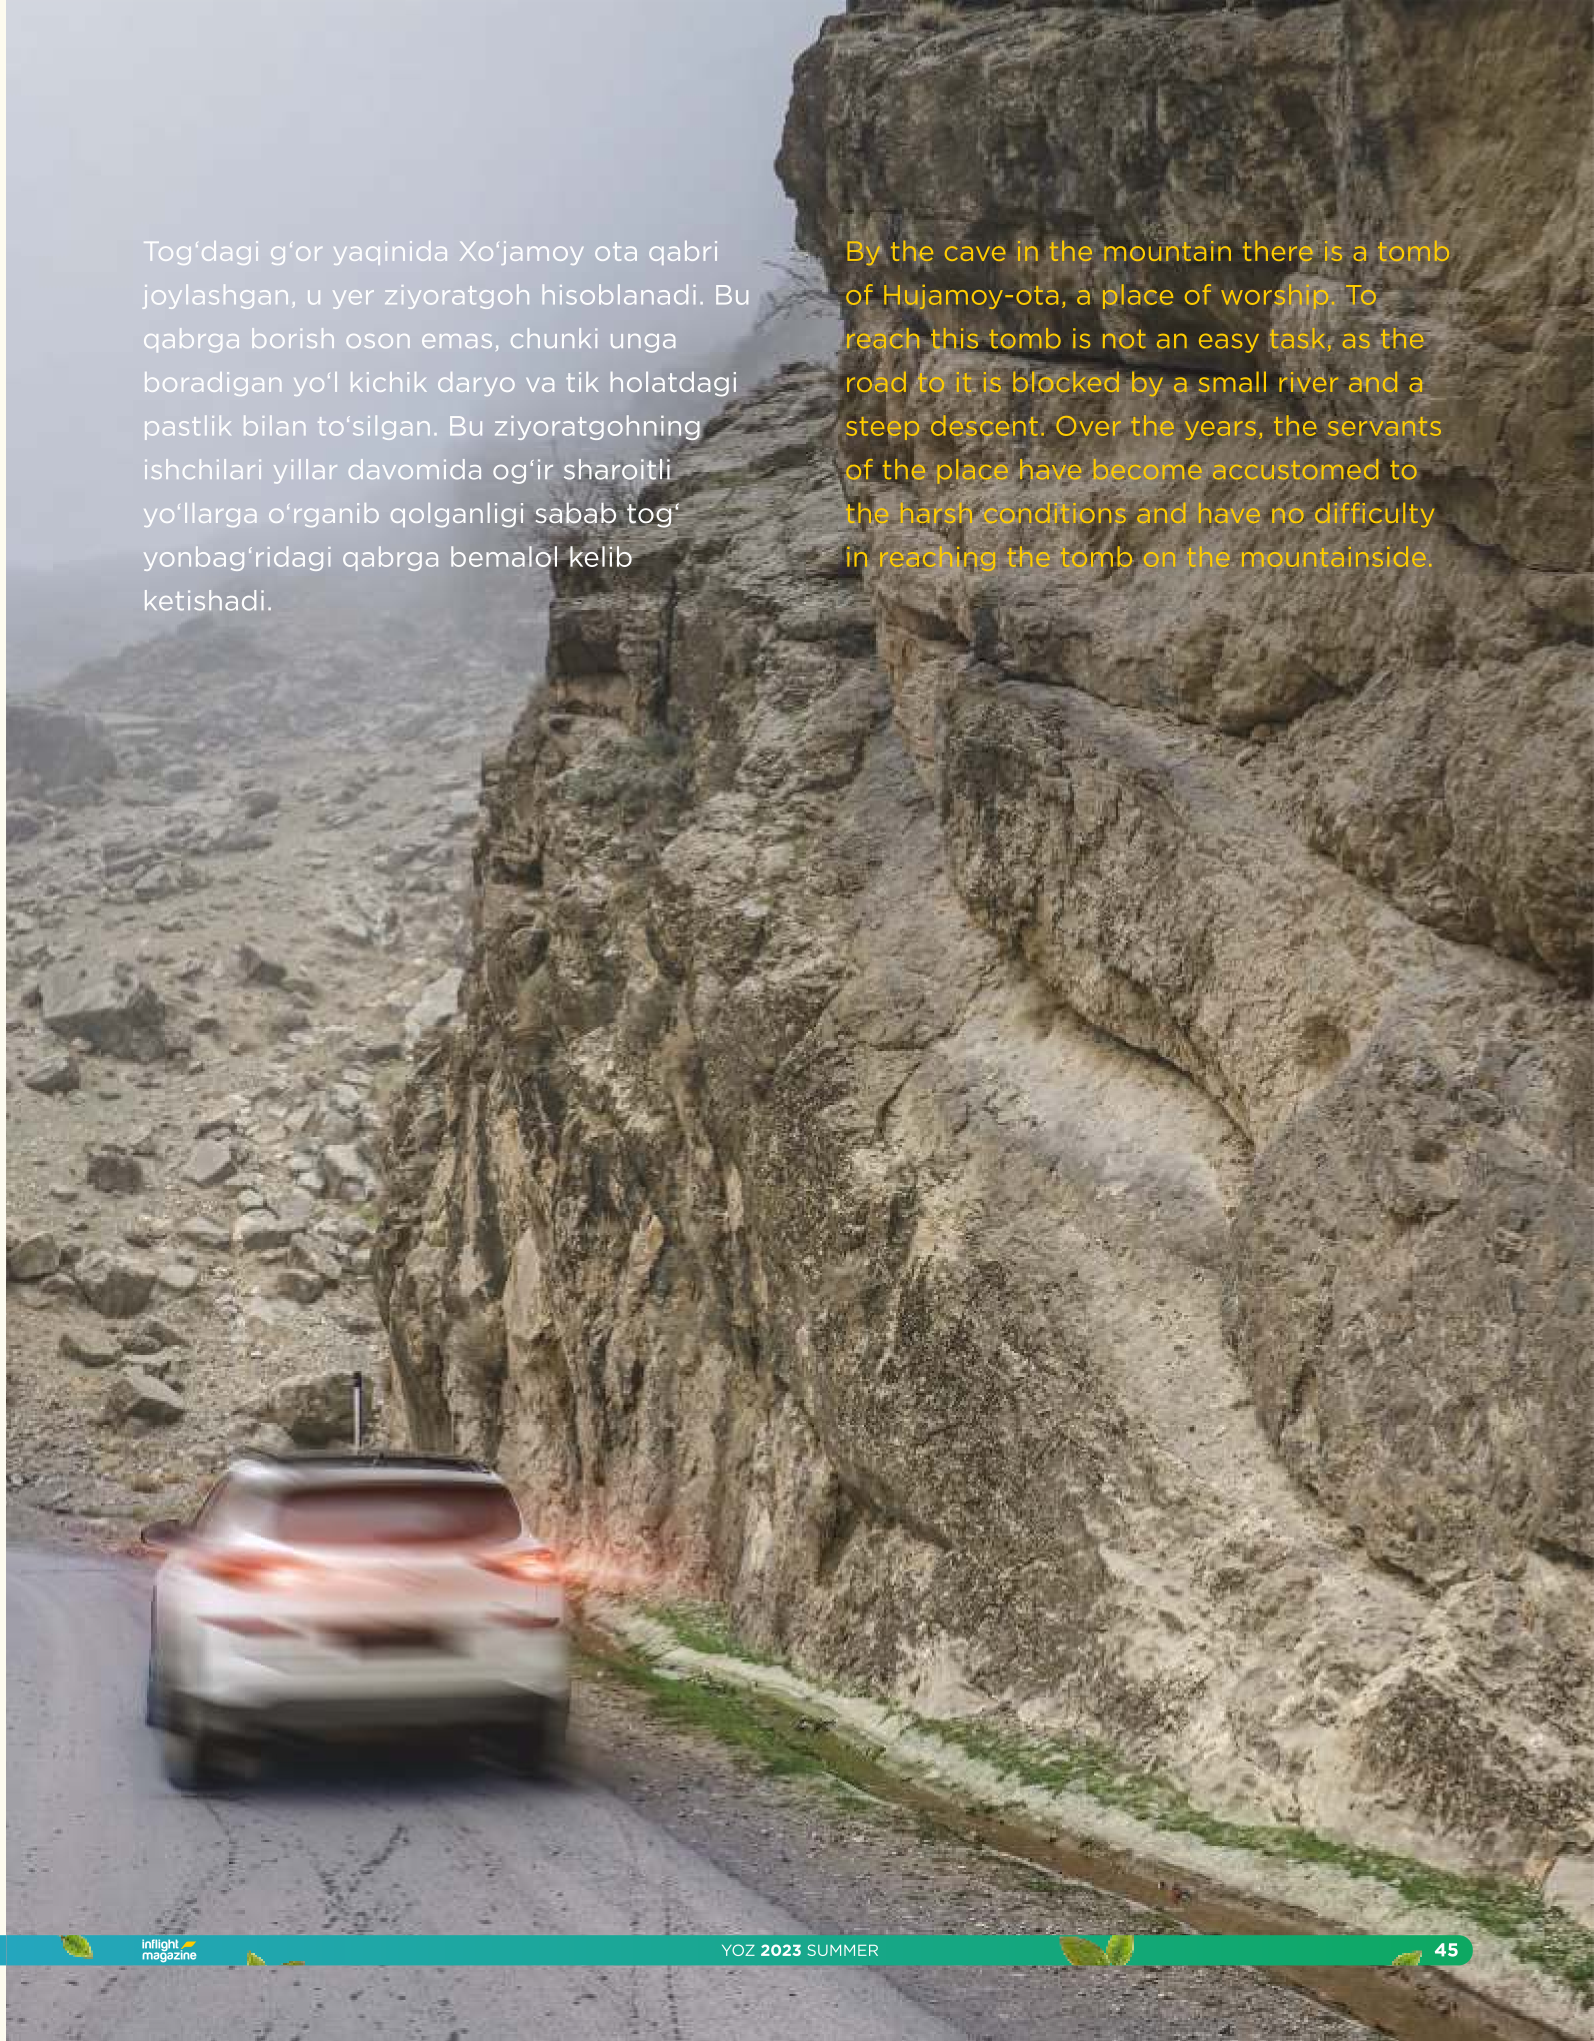
Qoyali tog‘lar Darband darasi taqdim etadigan yagona joy emas. O‘zbekistonning turli burchaklaridan odamlar ko‘plab afsonalar bilan bog'liq bo‘lgan muqaddas “Xo‘jamoy ota” bulog‘i uchun minglab kilometrlarni bosib keladilar.

Afsonalardan birida aytilishicha, bir vaqtlar Xo‘jamoy ismli chol uzoq davom etgan qurg‘oqchilikdan so‘ng o‘z ona qishlog‘i aholisini qutqarish uchun suv topishga qaror qilgan. Xudo unga Darbandga yetib borishi va u yerda hassani uch marta yerga urib qo‘yishi haqida ishora yuborgan. Xo‘jamoy ota shunday qiladi va qoya ichida mo‘jizaviy tarzda g‘or paydo bo‘ladi, undan eng issiq yozda ham qurib qolmaydigan buloq otilib chiqadi.

The first thing you notice as you enter the area is that time seems to have stopped. People you meet are dressed in warm chapans; children run barefoot, climb rocks and catch fish in the brook. The mud houses seem wobbly and fragile, and the majestic cliffs loom over you as if they want to frighten you. These features do not repel, but rather draw you in. All these details reflect the pristine beauty of Darband.

The rocky mountains are not the only thing this gorge has to offer. People from all over Uzbekistan travel thousands of kilometers for the sacred spring of “Hujamoy-ota”, which is associated with many legends.

One of them says that once upon a time, an old man called Hujamoy decided to save the people of his village after a long drought and find water for them. He was told by God to come to Darband and hit the ground three times with a stick. Hujamoy did everything and then a cave miraculously appeared in the rock. A spring gushed out from it, which did not dry up even in the hottest of summers.



Tog‘dagi g‘or yaqinida Xo‘jamoy ota qabri joylashgan, u yer ziyoratgoh hisoblanadi. Bu qabrga borish oson emas, chunki unga boradigan yo‘l kichik daryo va tik holatdagi pastlik bilan to‘silgan. Bu ziyoratgohning ishchilari yillar davomida og‘ir sharoitli yo‘llarga o‘rganib qolganligi sabab tog‘ yonbag‘ridagi qabrga bemalol kelib ketishadi.

By the cave in the mountain there is a tomb of Hujamoy-ota, a place of worship. To reach this tomb is not an easy task, as the road to it is blocked by a small river and a steep descent. Over the years, the servants of the place have become accustomed to the harsh conditions and have no difficulty in reaching the tomb on the mountainside.

Darband darasidan qolgan barcha his-tuyg‘ularni tasvirlashga til ojiz. Ushbu manzilgoh O‘zbekistonning beqiyos go‘zalligiga to‘liq ishonch hosil qilish uchun o‘zingiz kashf qilishingiz kerak bo‘lgan joylardan biri. Buni esa payshanba va shanba kunlari Uzbekistan Airways bilan Surxondaryo viloyatiga parvoz qilib amalga oshirishingiz mumkin.

A thousand words are not enough to describe all the sensations of visiting Darband Gorge. This is one of those places that you should experience by yourself in order to be fully convinced of Uzbekistan's immense beauty. And you can do it by visiting the Surkhandarya region, where Uzbekistan Airways operates flights on Thursdays and Saturdays.

# Mashhur o'zbek kino va estrada yulduzlari qanday buyumlarsiz sayohatga bora olmasligi haqida aytib berishdi

## Popular Uzbek Movie Stars and Singers Tell What They Cannot Travel Without

Qiziquvchan sayohatchi bo'lasizmi yoki ilk sayohatingizga tayyorlanyapsizmi, har bir insonning doimo o'zi bilan sayohatga olib ketadigan bir narsasi bo'ladi. Shu bois Uzbekistan Airways'ning bort jurnaliga bergan intervyusida yurtimizning taniqli aktyor va xonandalari o'z sirlari bilan o'rtoqlashishdi va aynan nimalarsiz sayohatga bormasligi haqida gapirib berishdi.

Regardless of whether you are an avid traveler or preparing for your first trip, everyone has something important without which they cannot go on a trip. Therefore, in an interview for the Uzbekistan Airways inflight magazine, popular local actors and singers shared their secrets and told about what they cannot travel without.

## Asal Shodiyeva

Xizmat safariga jo'nayotganingizda, ortiqcha yuklarni olmasdan parvozni o'zingiz uchun qulay qilganingiz ma'qul. Ammo butun oila safarga otlanganida, kerakli narsalar soni bir necha baravar ko'payadi. Bolalar uchun men har doim ularning sevimli suv idishini olaman. Parvoz qilayotganimizda ular noqulaylikni his qilishadi va sevimli o'yinchoqlari yoki suv idishi ularni tinchlantiradi. Men parvoz paytida qo'limda ortiqcha yuk olib ketmaslikka harakat qilaman. Odatda safardan esdalik sovg'alar bilan qaytamiz va asosiy yuklarni doim bagajga topshiraman, shu bois eng katta chamadonni tanlayman. Va, albatta, aeroport yoki savdo markazlarida havo harorati o'zgargan hollarda hamisha katta issiq sharf yonimda bo'ladi, – deb o'rtoqlashdi aktrisa va xonanda Asal Shodiyeva.

When you fly for business, it is best not to be overloaded with things to have a comfortable flight. But when the whole family comes together, the number of things that are required becomes much greater. For the kids, I always bring their favorite bottle. During the flight they feel discomfort, and the favorite toy or bottle calms them. I also try not to overload myself during the flight with hand luggage, so I choose the largest suitcase, because we will return with gifts and souvenirs. And of course, a large warm scarf is always nearby in case of temperature changes at the airport or in malls - shared the film actress and singer Asal Shodieva.

## Ilhom Yulchiev

Men uchun sayohat davomida internet tarmog'iga ulangan telefon bo'lishi muhim. GPS-navigator, Google Maps yordamida yangi joylarda mustaqil harakat qilishim uchun menga internet juda kerak. Shuningdek, ikkinchi o'rinda mening yonimda doim kredit kartam bo'lishi zarur. Uchinchidan ovoz o'tkazmaydigan quloqchinlar mening yonimda bo'ladi. U meni megapolislar, odamlar va bozorlarning shovqinidan asraydi, – deb tan oldi xonanda Ilhom Yulchiev (DJ Piligrim).

The first thing I need is a telephone with a network. I need the internet in order to use GPS navigators and Google Maps to get around. I also need my credit card. The third thing is soundproof headphones. I like to isolate myself from the hustle and bustle of cities, loud people, and markets - admitted singer Ilkhom Yulchiev (DJ Piligrim).

## Aziza Halilova

Sayohatda doim o'zim bilan olib yuradigan narsa bu telefon. Men doimo aloqada bo'lishni xohlayman va har bir daqiqani telefonim xotirasiga muhrlab qo'yishga harakat qilaman. Yuzimda oftobdan dog'lar paydo bo'lishini istamaganim uchun chamadonimda har doim quyoshdan himoya qiluvchi krem bo'ladi. Har qanday sayohatda hamisha men bilan birga bo'ladigan yana bir narsa bu minerallar qo'shilgan suvdir, – deydi aktrisa va model Aziza Halilova.

The thing I always take with me on any trip is the phone. I always want to stay in touch, and try to grab each moment. Second, I definitely do not want to get sunburnt, so the sunscreen is always in my suitcase. Another thing that is always with me on any journey is bottled water with minerals - said the actress and model Aziza Halilova.

## Umid Iskandarov

Aktyor, kinorejissor
Actor, film director

Men uchun sayohat har doim qandaydir bir yangilik: yangi odamlar, men ko‘rmagan joylar, o‘zga madaniyat. Men yolg‘iz sayohat qila olmaydigan odamman. Hattoki ikki kunlik qisqa sayohatda ham yaxshi kayfiyat ulashishim mumkin bo‘lgan yaqin odamim yonimda bo‘lishi kerak. Sayohat paytida men uchun aviakompaniyani tanlash ham muhim sanaladi. Juda ko‘p sayohat qilaman, shu sababdan men uchun aviakompaniya tanlashda eng asosiysi bu parvozlarning xavfsizligi bo‘ladi. Menimcha, bu har qanday sayohatchi uchun muhim, – deya o‘z sirlarini o'rtoqlashdi aktyor va kinorejissor Umid Iskandarov.

For me, the journey is always something new: new persons, new territories, a new culture. I am the kind of person who cannot travel alone. Even on a two-day journey, I need someone close to me to share my good mood with. Another important criterion in the journey for me is choosing the airline. I travel a lot, so for me the most important factor in choosing an airline will always be the safety of flights. I think this is the most important thing for every traveler - told in secret by the actor and film director Umid Iskandarov.

## Ruhsora Emm

Qo‘shiqchi/Singer

Sayohatlarimning hech biri quloqchinlarsiz o‘tmaydi, chunki men ko‘pincha yolg‘iz parvoz qilaman hamda o‘sha paytda musiqa tinglashni va orzu qilishni yaxshi ko‘raman. Parvoz paytida musiqa tinglash o‘zgacha hissiyot beradi.

Men hamisha YouTube kanalim uchun sayohat vloglarini suratga olish maqsadida o‘zim bilan kamera olib yuraman. Kosmetik sumkam esa har qanday sayohatimda mening yonimda bo‘ladi, chunki ijtimoiy tarmoqlardagi sahifalarimda har doim chiroyli ko‘rinishga harakat qilaman, – dedi xonanda va bloger Ruhsora Emm.

I have never traveled without headphones because I often fly alone and I love listening to music and dreaming alone. During flights, listening to music gives me a special feeling.

Also, I always take a camera with me to film travel vlogs for my YouTube channel. My cosmetics bag - the most important aspect in any trip, because in my social networks I always try to look beautiful - shared the singer and blogger Ruhsora Emm.

# “Hayotimdagi eng ajoyib sayohat”: 45 mamlakatda bo‘lgan germaniyalik qiz O‘zbekistondagi sayohati haqida

## “The Best Trip of My Life”: A German Girl Who Has Visited 45 Countries Shares Her Travel Story about Uzbekistan

2022-yil dekabr oyida O‘zbekistonda 10 kun davomida sayohat qilish imkoniyatiga ega bo‘ldim. Men ushbu sayohatni to‘rt yildan beri tasavvur qilgan edim. Men tashrif buyurgan joylar va uchratgan odamlar menga shu qadar ijobiy ta’sir ko‘rsatishdiki, endi men O‘zbekistonning turizm salohiyatini targ‘ib etishni o‘z oldimga maqsad qilib qo‘ydim.

Mening ismim Beatriz va men Germaniyada yashayman. O‘zbekiston Yevropa fuqarolari uchun vizasiz rejim joriy etayotganini eshitganimdan va bu davlatning suratlarini ko‘rganimdan keyin u yerga borishga qiziqishim uyg‘ondi. O‘tgan dekabr oyida men nihoyat O‘zbekistonga borib, yil oxiridagi ta’tilimni u yerda o‘tkazishga muvaffaq bo‘ldim. Men yolg‘iz sayohat qildim, chunki do‘stlarimning vaqtlari yo‘q edi va ular ta’tilni oilalari bilan o‘tkazishni afzal ko‘rishdi. Shunga qaramay, bu qarorga kelganimdan xursandman, chunki men mahalliy aholi bilan uchrashish va ular bilan bayramlarni nishonlash imkoniga ega bo‘ldim.

In December 2022 I had the chance to visit Uzbekistan for 10 days after envisioning this trip for four years. The places I visited and the people I met impacted me so positively that now I have made it my personal goal to promote tourism in Uzbekistan.

My name is Beatriz and I live in Germany. Ever since I heard about Uzbekistan opening visa-free for European citizens and saw pictures of this country, I became interested in visiting it. In December 2022 I was finally able to go to Uzbekistan and spend my end-of-year holidays there. I traveled alone because my friends did not have time or preferred to spend their vacations with their families. Nonetheless, this was the best decision for me because I had the chance to meet many locals and celebrate holidays with them.

Frankfurtdan Toshkentga Uzbekistan Airways'da uchib keldim. Ertasi kuni Toshkent markazini kezib, tungi poyezdda Xivaga yo'l oldim. Poyezdda ko'plab yoshlar meni xorijdan kelganimni eshitib xursand bo'lishdi va men bilan ingliz tilida gaplashmoqchi bo'lishdi. Bu samimiy mehmondo'stlik meni juda xursand qildi. Poyezd cho'lni kesib o'tayotganida uyg'onish va quyosh chiqishini ko'rish ajoyib edi. Keyingi kunlarda Xivani kezib chiqdim va sayohatchilar uchun mo'ljallangan ilova orqali o'zbekistonliklar bilan tanishdim. Ular menga shaharni ko'rsatishdi va O'zbekistondagi hayot haqida ko'proq ma'lumot berishdi.

I flew to Tashkent from Frankfurt by Uzbekistan Airways. The next day I explored the center of Tashkent and took the night train to Khiva. In the train, many young people were happy to see a foreigner and wanted to speak in English with me. This made me feel very welcomed. Waking up and seeing the sunrise while crossing the desert was an amazing feeling. During the following days I explored Khiva and met locals on an app for travelers. They showed me their city and told me more about life in Uzbekistan.

Ular meni yaqin atrofdagi qishloqda oila a'zolari bilan kechki ovqatga taklif qilishdi va bu unutilmas kecha bo'ldi. U yerda biz uchun dasturxonga turli taomlar tortildi va hatto ketayotganimizda qo'limizga noz-ne'matlar tutqazib yuborishdi.
Men ularga Germaniyadan olib kelgan shokoladni bermoqchi bo'lganimda, ular istihola qilib sovg'amni olishmadi. O'zbek xalqining mehribonligi, ochiqko'ngilligi va mehmondo'stligi meni hayratda qoldirdi. Men borgan mamlakatlarning hech birida bunaqasi bo'lmagan.

I was invited to have dinner with their family in a village nearby and it was an unforgettable experience. The family had prepared so much food for us and even gave me afterwards a package with food to take away. When I wanted to give them some chocolates from Germany, they were so surprised and did not want to take it at first. I was touched by the kindness and selflessness of Uzbek people and their hospitality. This had never happened in any of the countries I had visited before.

Men Xivadan Buxoroga yo‘l olib Xorazm qal’alariga ham kirib o‘tdim. Men cho‘lni birinchi marta ko‘rdim va u menga juda yoqdi! Yo‘l-yo‘lakay olis qishloqlardagi hayotni ko‘rish juda qiziqarli edi. Buxoroga kelib, o‘tgan yili Germaniyada 3 oy bo‘lib qaytgan o‘zbekistonliklarni uchratdim. Ular bilan mamlakatlarimiz o‘rtasidagi tafovut haqida ajoyib suhbat qurdik. Ular meni oshga taklif qilishdi va Sitorai Mohi Xosa saroyi kabi mashhur bo‘lmasada, lekin tashrif buyurishga arzigulik joylarni ko‘rsatishdi.

Buxoroda ikki kun bo‘lib, so‘ng Samarqandga yo‘l oldim. U yerda internetda tanishgan dugonam o‘z oshxonasida menga osh pishirishni ko‘rsatib berdi. Endi men bu taomni uyda tayyorlay olaman! Ertasi kuni biz Registon va Shohizinda kabi go‘zal joylarga tashrif buyurdik. Registonni ko‘rganimda ko‘zlarimga ishonmadim, chunki uni yaqindan ko‘rishni ko‘p yillardan beri orzu qilar edim. O‘sha kun men uchun unutilmas taassurotlar qoldirdi, chunki dugonamning akasi olgan suratlar juda professional va chiroyli chiqdi. Ko‘pchilik mendan sayohat davomida yonimda professional fotosuratchi bo‘lganmidi deb so‘rashadi. Men har safar “yo‘q” deb javob qaytaraman. Meni suratga olganlar haqiqatan ham iqtidorli, begonalarga yordam berishga tayyor o‘zbekistonliklar edi!

I also took a tour to impressive Khorezm fortresses on the way from Khiva to Bukhara. It was my first time in the desert and I loved it! Seeing life in remote villages along the way was really interesting. In Bukhara I met local people who had spent 3 months in Germany last year. We had a great conversation about the differences between our countries. They invited me to eat pilaf and showed me some hidden gems which are not so famous, like Sitorai Mohi-Hosa palace.

After two nights in Bukhara I headed to Samarkand, where one of my internet friends showed me how to cook pilaf in her kitchen. Now I can prepare this dish at home! The following day we visited beautiful places like the Registan and Shah-i-Zinda. At that moment I could barely believe my eyes because I had dreamt of seeing the Registan for so many years. That day left a long-lasting impression on me because my friend's brother took so many beautiful photos of me that look so professional. Many people were asking me afterwards if I had a professional photographer with me during my trip. And every time my answer was “no”. It was really just talented Uzbek people who never hesitate to help strangers!

Sayohatimni Toshkentga qaytish bilan yakunladim. Bu yerda yana ham ko'proq do'stlarimni uchratdim va ular bilan Yangi yilni birga kutib oldik. Bayram dasturxoni chiroyli bezatilganini eslayman. Do'stlarim menga sovg'a berganidan hayron bo'ldim, chunki Germaniyada Yangi yilda sovg'a berish odati yo'q. 2-yanvar kuni chiroyli suvenirlar to'la jamadonim va unutilmas xotiralar bilan Uzbekistan Airways orqali Germaniyaga qaytdim.

I finished my trip by going back to Tashkent, where I met even more friends and spent the New Year holiday with them. I remember that there was a lot of food on the table. And I was surprised that they even bought me gifts, because in Germany we do not have the tradition of giving each other presents on New Year. On January 2nd I came back to Germany by Uzbekistan Airways with my suitcase full of beautiful souvenirs and memories.

O'zbekistonga tashrifim xalqingizni mehmondo'stligi tufayli hayotimdagi eng zo'r sayohat bo'ldi. Barchasi kutganimdan ham a'lo o'tdi. Men o'zbek va rus tillarini bilmasam ham, sayohat chog'ida muloqotda muammolarga duch kelmadim. Meni bir o'zim yolg'iz sayohat qilayotganimni ko'rgan insonlar menga juda yaxshi muomalada bo'lishib, yordamlarini ayamadilar. Men barchani O'zbekistonga tashrif buyurishga chorlamoqchiman!

This was the best trip of my life thanks to Uzbek hospitality. It exceeded all my expectations. Although I do not speak Uzbek or Russian, I did not have any problems of communication during my travel. People were very respectful and helpful when they saw a woman traveling alone. I want to encourage everyone to visit Uzbekistan!

# O‘zbekiston afsonalari

## Legends of Uzbekistan

**Olimlarning fikricha, Qirqqiz 50 xonali va keng yo‘lakli katta saroy bo‘lgan**

*According to scholars, Kirk Kiz was a huge palace with 50 rooms and wide corridors*

# Oddiy xalqni himoya qilgan 40 nafar dovyurak qizlar haqidagi afsona

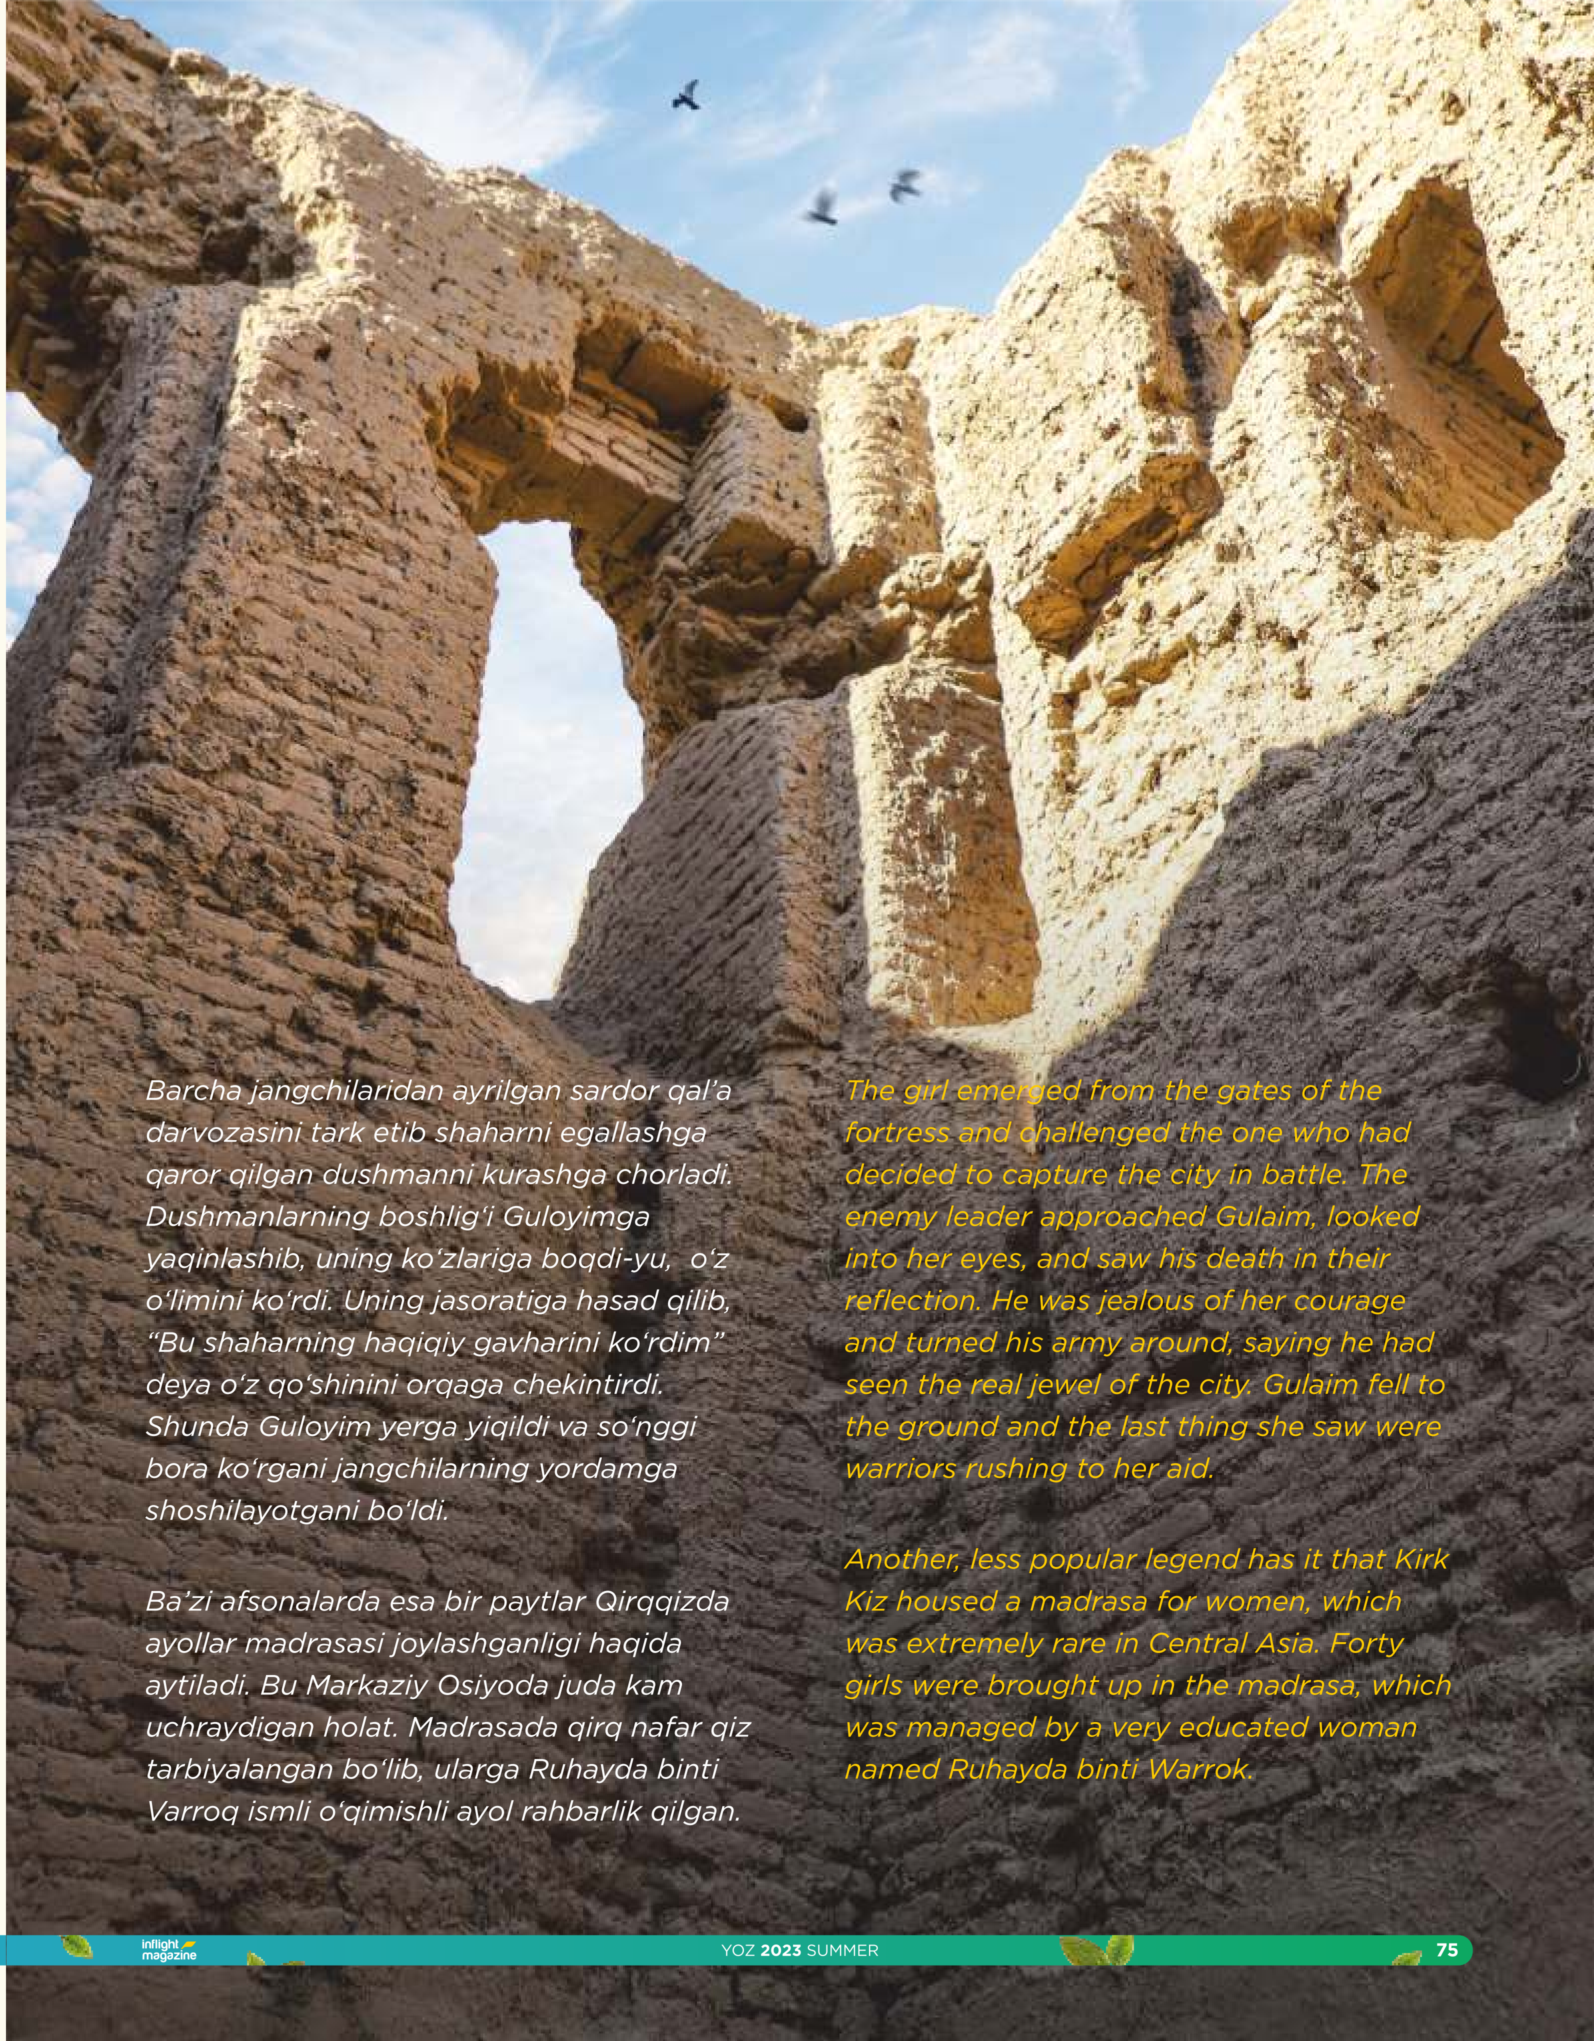
## The Legend of the 40 Courageous Girls who Defended the Common People

O'zbekistonda mavjud har bir tarixiy obida o'zining afsonalarga boy o'tmishiga ega. Ularda o'zbek xalqining mardligi va mehribon qalbi aks etadi. Fikrimizning yorqin isboti, Termiz shahrida joylashgan Qirqqiz qal'asi. Afsonada shunday deyilgan:

*Qachonlardir, O'zbekiston zaminini oddiy xalq ozodligi uchun kurashgan 40 nafar jangchi ayollar himoya qilgan. Bir kuni ular uzoq safardan so'ng qal'ada qolishga ahd qilishdi. Bu vaqtda shahar dushman qo'shinlari tomonidan qurshab olingan edi. Jangchilar dushmanlar bilan kurashishga va yordam kelguniga qadar qal'ani himoya qilishga kelishib oldi. Jang bir necha kun tinimsiz davom etdi. Oxir-oqibat, faqat qabila boshlig'i Guloyimgina omon qolishga muvaffaq bo'ldi.*

Every historical monument in Uzbekistan is shrouded in legends of the past. Many of them reflect the courage and the good heart of the Uzbek people. One striking example is the "Kirk Kiz" fortress located in Termez. Legend has it that:

*Once upon a time, the lands of Uzbekistan were under the protection of 40 warrior-girls who fought for the freedom of the common people. One day, after a long journey, the girls decided to stay in a fortress. At that time the city was surrounded by an enemy army. The girls decided to fight off the enemy and hold the fortress until help arrived. The battle lasted several days and nights. In the end, only Gulaim, the leader of the tribe, managed to survive.*



*Barcha jangchilaridan ayrilgan sardor qal'a darvozasini tark etib shaharni egallashga qaror qilgan dushmanni kurashga chorladi. Dushmanlarning boshlig'i Guloyimga yaqinlashib, uning ko'zlariga boqdi-yu, o'z o'limini ko'rdi. Uning jasoratiga hasad qilib, "Bu shaharning haqiqiy gavharini ko'rdim" deya o'z qo'shinini orqaga chekintirdi. Shunda Guloyim yerga yiqildi va so'nggi bora ko'rgani jangchilarning yordamga shoshilayotgani bo'ldi.*

*Ba'zi afsonalarda esa bir paytlar Qirqqizda ayollar madrasasi joylashganligi haqida aytiladi. Bu Markaziy Osiyoda juda kam uchraydigan holat. Madrasada qirq nafar qiz tarbiyalangan bo'lib, ularga Ruhayda binti Varroq ismli o'qimishli ayol rahbarlik qilgan.*

*The girl emerged from the gates of the fortress and challenged the one who had decided to capture the city in battle. The enemy leader approached Gulaim, looked into her eyes, and saw his death in their reflection. He was jealous of her courage and turned his army around, saying he had seen the real jewel of the city. Gulaim fell to the ground and the last thing she saw were warriors rushing to her aid.*

*Another, less popular legend has it that Kirk Kiz housed a madrasa for women, which was extremely rare in Central Asia. Forty girls were brought up in the madrasa, which was managed by a very educated woman named Ruhayda binti Warrok.*

Tarixiy ma'lumotlarga ko'ra, Qirqqiz eramizning IX–X-asrlarida barpo etilgan. Uning me'mori kim bo'lganligi haligacha noma'lum. Yillar suroni, shiddatli vaqt oqimi binoni ayamadi, shu bois hozir u deyarli vayronaga aylangan. Shunday bo'lsada, Qirqqiz sayyohlar va o'zbek xalqi orasida mashhur. Hammasi qal'adagi muhitga bog'liq. Obidalar o'tmishga qaytaradi, shahar shovqinidan, kundalik tashvish va muammolardan yiroqda bo'lish imkonini beradi.

According to historical information, Kirk Kiz was built in the 9th and 10th centuries AD. Who its architect was still remains a mystery. Time has not spared the building, as it is now almost completely destroyed. Nevertheless, Kirk Kiz is very popular among tourists and Uzbeks. It is the atmosphere that reigns in the fortress. The ruins take you back to the past, giving you a sense of detachment from daily worries and the hustle and bustle of city life.

Qirqqiz obidasi o'ziga xos mutlaq simmetriklikdan tashkil topgan. Arkka eltuvchi har bir yo'lakning qarama-qarshi yo'nalishga ega tomoni ham mavjud. Lekin o'tish joylarining ko'pligi tufayli qal'a devorlari orasida adashib qolish hech gap emas. Olimlarning fikricha, Qirqqiz 50 xonali va keng yo'lakli katta saroy bo'lgan.

Qal'a Termiz shahridan taxminan 3 km shimolda joylashgan. Qirqqizga siz Termiz shahrining temir yo'l vokzali orqali yoki Termiz xalqaro aeroportidan piyoda 30-40 daqiqada, avtomobilda esa 5 daqiqadan kamroq vaqt ichida yetib borishingiz mumkin.

Endilikda qal'a davlat muhofazasida bo'lib arxitektura yodgorligi va madaniy-tarixiy meros obyekti hisoblanadi. Payshanba va shanba kunlari Uzbekistan Airways aviakompaniyasi bilan sayohat qilib, Qirqqiz qal'asini hamda Termizning boshqa diqqatga sazovor joylarini o'z ko'zingiz bilan ko'rishingiz mumkin.

What makes Kirk Kiz unique is its absolute symmetry. Each archway and corridor has its counterpart on the opposite side. Despite this, it is easy to get lost within the walls of the fortress because of the large number of passageways. According to scholars, Kirk Kiz was a huge palace with 50 rooms and wide corridors.

The fortress is located about 3 km north of Termez. From the railway station of Termez city or from Termez International Airport, you can reach Kirk Kiz by foot in 30-40 minutes or by car in less than 5 minutes.

The fortress is now under state protection and is considered to be an archaeological monument and a site of cultural and historical heritage. You can see Kirk Kiz and other attractions of the city of Termez with your own eyes by traveling with Uzbekistan Airways every Thursday and Saturday.

U dengiz sathidan 1227 metr balandda joylashgan bo‘lib, pastki kichik va yuqori katta ko‘llarga ajralgan. Uning suvi shu qadar tiniq va tozaki, bu ko‘pchilik sayyohlarni o‘ziga jalb etadi.

# Tosh oʻrmon
## Stone forest

Tosh oʻrmon – Navoiy viloyatining Uchquduq tumanida joylashgan. Ushbu hududning eng sirli jihati – toshga aylangan oʻrmondir. Haligacha bu holat qanday yuzaga kelganini hech kim aniq bilmaydi. Kimdir daraxtlar qum bilan qoplanib, vaqt oʻtishi bilan toshga aylangan, desa, yana kimdir shu hududga tushgan meteorit tarkibidagi moddalar atrofdagi oʻsimliklarni toshga aylanishiga sabab boʻlgan deydi.

Ulkan Qizilqum choʻlida bundan million yillar ilgari Tetis dengizi boʻlganligi aytiladi. Hozirda bu hududning choʻl ekaniga qaramay, turli dengiz chigʻanoqlari uchrab turadi. Bu yerda shuningdek, akula qoldiqlari, hatto oʻrdakburun dinozavrning toshga aylangan suyaklari topilgan.

Stone Forest is located in the Uchkuduk district of Navoi region. The most mysterious feature of this place is the petrified forest. No one knows exactly how this happened. Some people assume that the trees were covered with sand and turned into stone over time, while others say that the substances contained in the meteorite which fell in this area caused the surrounding plants to turn into stone.

It is said that the Tethys Sea existed in the huge Kyzylkum desert millions of years ago. Despite the fact that this area is a desert, various seashells can be found there. Shells, remains of a shark, and even fossilized bones of a duck-nosed dinosaur were found there.

# Xo‘ja Gur Gur Ota
## Khoja Gur Gur Ota

Xo‘ja Gur Gur Ota dengiz sathidan 3,720 metr balandda joylashgan. Bir tomonidan keng yaylov, boshqa tarafdan esa uzun va baland jarlik joy olgan. Qadimiy dengizlarning qirg‘og‘i bo‘lgan bu hududda dinozavrlar izi ham topilgan.

Khoja Gur Gur Ota is located 3,720 meters above sea level. There is a wide meadow on one side and a long, high cliff on the other side. In this area, which used to be the coast of an ancient sea, dinosaur footprints have been found.

# Hazrat Dovud g'ori

## Cave of Saint David

Hazrat Dovud g'ori – Samarqanddan 40 km uzoqlikda, Oqsoy qishlog'ida joylashgan arxeologik yodgorlik, tabiat mo'jizasi hisoblanadi. Aytishlaricha, Hazrati Dovud va'z qilish uchun Osiyo yerlariga yuborilgan. Lekin Dovud zardushtiylar tomonidan ta'qiblarga uchrab, tog'larda yashirinishga majbur bo'ladi va Xudodan madad so'raydi. Shunda unga ilohiy kuch beriladi va u g'or toshlarini bir-biridan ajratib, ichkariga boshpana quradi. Shunday qilib Hazrati Dovud g'ori paydo bo'ladi. Hozirda, u yerga ko'tarilish uchun 1303 ta zinapoyani bosib o'tish lozim.

Hazrat Daud Cave (Cave of Saint David), an archaeological monument and a natural wonder, is located 40 km from Samarkand in Aksoy village. It is said that Saint David was sent to preach in Asia. But after being persecuted by the Zoroastrians, David was forced to hide in the mountains and ask God for help. Then he was given divine power to separate the stones of the cave and build a shelter inside. This is how the cave of Hazrat Daud appeared. An additional interesting feature of this place is that you need to climb 1,303 steps in order to reach the cave.

# Ustyurt platosi

## Ustyurt Plateau

Ustyurt platosi – Qoraqalpog'iston va Qozog'iston hududida joylashgan bu plato qadimiy meroslarga boy sanaladi. U yerdan ko'plab toshdan yasalgan qurollar, nayza uchlari, uy-xo'jalik anjomlari, tosh qabrlar topilgan. Ushbu topilmalar qadimgi massaget qabilalariga tegishli ekanligi taxmin qilinadi.

Tadqiqotchilar va sayyohlar uchun asosiy sir – bu qushlar parvoz qiladigan balandlikdan ko'rish mumkin bo'lgan "Ustyurt nayzalari". Katta hududda, yer yuzasida bir-biriga o'xshash nayzalarni kuzatish mumkin. Tadqiqotchilar haligacha bu sirning tagiga yetmaganlar: bu tabiatning 20 million yillik san'at asarimi yoki insonlar tomonidan yaratilgan go'zallikmi?

Ustyurt Plateau, which is located in the territory of Karakalpakstan and Kazakhstan, has a rich ancient heritage. Many weapons made from stone, spearheads, household utensils, and stone graves have been found there. These findings are believed to belong to the ancient Massaget tribes.

The main secret for researchers and tourists is the "Ustyurt Spears", which can best be seen from the air. Similar-looking spears can be observed on the surface here in a large area. Researchers have not yet uncovered the mystery of this place. Is this a 20-million-year-old natural work of art or a beauty created by humans?

*Ushbu maqoladagi manzilgohlarimiz shulardan iborat edi. Yuqorida tilga olingan hududlarga haligacha sayyohlar qiziqish bildirib kelmoqda. Biz boshqa sayyoralar tarkibi va xususiyatlarini o'rganishni boshlaganmiz, biroq o'z sayyoramizda qanday sirlar yashiringanligini haligacha bilmaymiz. O'zbekiston bo'ylab sayohat qiling va yangi manzillarni kashf etib mamlakatning beqiyos go'zalliga guvoh bo'ling.*

*These are today's mysterious places and they are still interesting tourists today. We have begun to study the composition and properties of other planets, but we still do not know what secrets our world is hiding. Travel around Uzbekistan and witness the country's immense beauty by discovering new destinations.*

# TAX FREE

## Tax Free: sayyohlar O‘zbekistonda amalga oshirilgan xaridlaridan QQSni qanday qaytarishlari mumkin

### Tax Free: How Tourists Can Get a VAT Refund on Goods Purchased in Uzbekistan

Toshkent, Samarqand, Buxoro, Farg‘ona va Urganch xalqaro aeroportlarida Tax Free tizimi joriy etilishi munosabati bilan chet el fuqarolari endi O‘zbekistonda xarid qilingan tovarlardan qo‘shilgan qiymat solig‘ini (keyingi o‘rinlarda — QQS) qaytarib olish imkoniyatiga ega bo‘ldilar.
Tax Free – xalqaro QQS qaytarish tizimi. Chet elda xaridlarni amalga oshirgan sayohatchilar tashrif buyurgan mamlakat fuqarolari emasligi sababli tovarlar va xizmatlar narxining ushbu qismini to‘lashlari shart emas. Shu sababli, sayyohlar chet el safarlarida xarid qilgan tovarlar uchun QQSni qaytarib olishlari mumkin.

Foreign nationals will now be able to receive a value added tax (VAT) refund for goods bought in Uzbekistan, thanks to the introduction of the Tax Free system at the country's five international airports - Tashkent, Samarkand, Bukhara, Fergana and Urgench.
Tax Free is an international VAT refund system. Travellers shopping abroad do not have to pay this portion of the cost of goods and services as they are not citizens of the country visited. For this reason, tourists will be able to receive a refund of value-added tax on goods bought on foreign trips.

#### Tax Free tizimiga qanday tovarlar kiradi?

Tax Free tizimi tatbiq etiladigan tovarlar – quruq mevalar, yong‘oq, parfyumeriya, pardoz, charm va mo‘ynali mahsulotlar, yog‘ochdan yasalgan buyumlar, gilam, ipak buyumlar, kiyim-kechak va aksessuarlar, poyabzal, sopol buyumlar, maishiy texnika, telefon, soat, o‘yinchoq, sport anjomlari va boshqalar. Chet el fuqarolari tovar sotib olingan kundan boshlab uch oy ichida pulni qaytarish imkoniga ega. Xaridning umumiy summasi kamida 1 million so‘m bo‘lishi kerak.

#### Which items are covered by Tax Free?

Tax Free service applies to a list of items that have been officially approved. These include dried fruit, nuts, perfumes, cosmetics, leather goods, furs, wooden products, carpets, silk products, clothing and accessories, footwear, ceramic products, household appliances, telephones, watches, toys, sports goods and others. Travelers can receive the refund within three months from the date of purchase. The total amount of the purchase must not be less than 1 million soums.

#### Keshbek qanday amalga oshiriladi?

Chet el fuqarosi App Store yoki Play Market’dan “Soliq” mobil ilovasini yuklab olib, mobil telefon raqami orqali ro‘yxatdan o‘tishi kerak. So‘ngra, “Umumiy xizmatlar” bo‘limida “Tax Free”ni tanlab, xaridlar uchun olingan cheklarning QR-kodini skanerlash darkor. Xarid summasidan QQS summasi avtomatik ravishda hisoblanadi.

#### How to get a refund?

First of all, the foreign citizen should download the “Soliq” mobile app from the App Store or Play Market, register with a mobile phone number and add an international payment system card. Then, in the “General Services” section, “Tax Free” should be selected and receipts for the goods purchased should be scanned with a QR code. The amount of the tax refund is calculated automatically.

*Maqolani rus tilida o‘qish uchun QR kodni skanerlang*

**Yo‘lovchi jo‘nab ketadigan kuni:**

1. Uchib ketish aeroportida parvozni amalga oshirish uchun ro‘yxatdan o‘tishi kerak;

2. Xalqaro aeroport jo‘nab ketish terminalining kirish tomonida ro‘yxatdan o‘tish zalida joylashgan Tax Free shoxobchasiga murojaat qilishi lozim;

3. Bortga chiqish talonini, mahsulot va shaxsni tasdiqlovchi hujjatni shoxobcha xodimlariga ko‘rsatishi kerak. Mahsulot ochilmagan, ishlatilmagan va yo‘lovchining yonida bo‘lishi muhim.

Shoxobcha xodimi cheklarda ko‘rsatilgan tovarlarni tekshiradi va Tax Free avtomatlashtirilgan tizim orqali chet ellik fuqarolarni ro‘yxatdan o‘tkazadi. Turli toifadagi tovarlar uchun xorijiy fuqaro QQS summasining 90 foizigacha keshbek olishi mumkin. Keshbek yo‘lovchining kartasiga rasmiylashtiriladi va ro‘yxatdan o‘tgan oydan keyingi oyning 25-kunidan keyin to‘lab beriladi.

**On the day of departure, the passenger must:**

1. Check in for the flight at the airport of departure;

2. Go to the Tax Free desk located in the check-in hall near the entrance of the departure terminal of the international airport;

3. Show the desk staff the boarding pass, the item and an identification document. It is important that the item is safe and sound, in its packaging and close to the passenger.

Desk staff will inspect the goods indicated on the receipts and register the foreigner through the automated Tax Free system. The VAT refund is 90% of the amount of VAT paid. Foreign citizens will be able to receive funds into their international bank account or bank card after the 25th of the following month from the date the goods are registered.

*Tax Free tizimiga kiritilgan tovarlarning to‘liq ro‘yxati bilan tanishish va qo‘shimcha ma’lumot olish uchun QR-kodini skanerlang*

*For a complete list of Tax Free items and more information, scan the QR code*

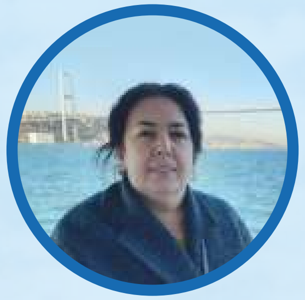
Doimo go‘zal Samarqand bizni iliq oktyabr tongida kutib oldi. Anchadan beri Samarqand palovini tatib ko‘rishni xohlagan edik, shaharga tashrif buyurishimizning asosiy sababi ham shu. Biroq, bizning kichik sayohatimiz shaharning qoq markazi hisoblangan Registon maydoniga tashrifdan boshlandi. Do‘stlarim bilan bu yerning go‘zalligini esdalik sifatida telefonimizga suratga olishga harakat qildik. So‘ngra biz milliy taomlar barcha qoida va an’analarga mos tarzda tayyorlanadigan kafega bordik. Mazali tushlik samimiy kulgi va hikoyalar bilan yakunlandi.

Navbatdagi manzilimiz Siyob markaziy dehqon bozori bo‘ldi. U yerda biz shaharning haqiqiy milliy ruhini his etdik, Samarqand nonlariyu adras choponlarni xarid qildik. Sayohatimiz o‘zining ulug‘vorligi va go‘zalligi bilan qalbimni zabt etgan yangi “Boqiy shahar”ga tashrif bilan yakun topdi. Bu yerda Sharq tarixi bilan zamonaviy me’morchilik uyg‘unlashib ketgan desam xato bo‘lmaydi.

The always beautiful Samarkand greeted us on a warm October morning. The main reason for our arrival was the Samarkand pilaf, which we had wanted to eat for a long time. However, our little journey began with a visit to the heart of the city – the Registan. My friends and I tried to capture this beauty as a memento, taking lots of pictures on our phones. Later, we went to a local cafe where the pilaf is prepared according to all the rules and rituals. A hearty lunch ended with loud laughter and stories around the dinner table.

Next on the itinerary was Siyab Central Dehkan Market, where everyone could experience the real flavor of the city and buy Samarkand bread and traditional chapans made from adras. The journey ended with a visit to the new "Eternal City" which captivated my heart with its grandeur and beauty. I would not be mistaken to say that the history of the East is intertwined with modern architecture there.

## Gavxaroy Mirzajonova
**Istanbul**



## Gavkharoy Mirzajonova
**Istanbul**

Ushbu go‘zal zaminga birinchi tashrifim 33 yoshimda bo‘lgan. Turmush o‘rtog‘im tavallud ayyomimga sovg‘a sifatida meni va bolalarimizni ta’tilga Antaliya shahriga, keyin esa Istanbulga olib borgan.

Haqiqatan ham, Istanbul qalbimni zabt etdi. Ushbu joyning shovqinli ko‘chalari, lekin bir vaqtning o‘zida sokin masjidlari meni o‘ziga rom qilgan. Masjidlarga kirgan inson o‘zini xuddi Usmoniylar davriga tushib qolgandek his qiladi. Marmara dengizi qirg‘oqlaridagi to‘lqinlariga termilib o‘tirish esa inson ruhiyatini tinchlantiradi, hozirgi zamon so‘zi bilan aytsak “meditatsiya” vazifasini o‘taydi.

Turk oshxonasi esa alohida bir mavzu, chunki mahalliy oshxonalardagi dengiz mahsulotlaridan tayyorlanadigan taomlarning son sanog‘i yo‘q. Shirinliklarining xilma-xilligi esa hech kimni befarq qoldirmaydi. Men asosan Istanbulga kundalik hayot tashvishlaridan charchaganimda va mavsumiy xaridlar qilish kerak bo‘lganda tashrif buyuraman. Aytgancha, fevral oyidagi sayohatimda Istanbul meni o‘ziga ohanrabodek tortishiga amin bo‘ldim. Har tashrifimda u o‘zining men kashf qilmagan qirralarini ko‘rsatadi.

I was 33 years old when I visited this beautiful land for the first time. My husband took me and our children on vacation to Antalya and then to Istanbul as a gift for my birthday. In fact, the city that captured my heart was Istanbul. The noisy streets of this place, but at the same time quiet mosques, captivated me the most. A person who enters the mosques feels as if he has become a part of the Ottoman era. Looking at the sea waves on the shores of the Sea of Marmara also calms the spirit; in modern terms it is called “meditation”.

Turkish cuisine is special because of the countless local street foods and seafood dishes by the sea. The variety of sweets will not leave anyone indifferent. I mostly visit Istanbul when I feel tired of daily worries and need to do some seasonal shopping. By the way, during my trip in February, I came to the conclusion that Istanbul attracts me like a magnet, with new aspects being discovered every time I visit.

## Amirbek Shadiev
**Mumbai and Goa**

Hindiston bo‘ylab sayohat qilish fikri menga o‘z-o‘zidan keldi. Erta tongda Nyu-Dehli aeroportiga yetib keldim, tushdan keyin transfer orqali Mumbay shahriga yetib bordim. Mumbay va uning tarixiy Kolaba tumaniga tashrif buyurishga meni “Shantaram” kitobi undadi. Kolaba bir vaqtlar Mumbayga ko‘chib kelgan yevropaliklar yashagan hudud hisoblanadi. U yerda bugungi kungacha 19-asrning ko‘plab me’moriy yodgorliklari saqlanib qolgan. Mumbay menda katta taassurot qoldirdi va eng g‘ayrioddiy his-tuyg‘ularni uyg‘otdi. Ham afzalliklari, ham kamchiliklari bilan bu ajoyib shahar xotiramda abadiy qoldi va u yerga albatta yana boraman.

Mumbayda ikki kunni o‘tkazib, Goa kurortiga otlandim. U yerga yetib kelgach, taksida deyarli 100 kilometr yo‘l bosib, shtat shimolidagi Arambol qishlog‘iga keldim.

U yerdagi Arab dengizi sohilida quyosh botishini ko‘rib, o‘zimni juda xotirjam his qildim. Hindistonga sayohat qilish fikri menda to‘satdan paydo bo‘lganiga qaramasdan, ushbu qarorga kelganimdan xursandman.

The trip to India was a spontaneous decision. After arriving at New Delhi airport in the early hours of the morning, I changed planes and was in the city of Mumbai by the afternoon. The desire to visit Mumbai, and its historic Colaba district, was spurred in me by reading the book “Shantaram”. Colaba is an area that was once home to Europeans who moved to Mumbai. There are a lot of 19th century architectural monuments that have survived to this day. Mumbai made a huge impression on me, and evoked the most extraordinary emotions. With its advantages and disadvantages I will remember this amazing city forever and will definitely return.

After two days in Mumbai, I flew to Goa. On arrival, after traveling nearly 100 kilometers by taxi, I ended up in the village of Arambol, in the north of the state. There I felt very relaxed as I watched the sunset on the shores of the Arabian Sea. Despite the fact that going to India was a spontaneous idea, I was glad that I made this decision.

# Farzandingizga qiyin oʻsmirlik davridan oʻtishiga qanday yordam bera olasiz?

## How Can You Help Teenagers During a Difficult Period of Adolescence?

Oʻsmir farzand bilan muloqot qilishda eng muhimi – muzokara qilishni oʻrganish, bosim oʻtkazmaslik, kattalarning kuchliroq va aqlli ekanligini isbotlash emas, balki qoʻrquvsiz, kamsitishsiz va xafagarchiliksiz munosabatlarni oʻrnatishga harakat qilish. Farzandingiz siz bilan doʻstona munosabatda boʻlishi, sizga ishonishi, ochiq soʻzlashishdan qochmasligi uchun samarali muloqot qilishning bir nechta usullarini oʻzlashtirishingiz lozim. Ushbu usullar har qanday aloqalar uchun foydali, lekin oʻsmirlar uchun ular ayniqsa zarur.

The most important thing in communicating with a growing child is to learn to negotiate – not to press with authority, not to prove that adults are stronger and smarter, but to try to build a relationship without fear, humiliation or resentment. In order not to regularly find yourself in front of a slammed door, it is worth learning a few techniques for effective communication. They are useful for many kinds of communication, but in the case of teenagers – simply necessary.

## Farzandingiz ahvoli bilan qiziqing

### Show genuine interest

Avvallari farzandingiz oʻz hayoti haqida tinmay gapirganini eslaysizmi? Oʻsmirlarda bu xususiyat yoʻqoladi. “Hammasi yaxshi” iborasi endi barcha savollarga javob. Sizning samimiy qiziqishingiz vaziyatni oʻzgartirishga yordam beradi. Oʻsmirdan uning doʻstlari va ishlari haqida soʻrang, aniq savollar bering (lekin uni soʻroq qilmang).

Remember when your preschooler used to babble on and on about his/her life? In teenagers, this function is defeated. The catch phrase, “It's okay” is now the answer to everything. It is your genuine interest that makes the difference. Dig in, ask about friends and activities, ask follow-up questions (but do not turn it into an interrogation).

## Hadeb nasihat qilavermag

### No lecturing

Agar oʻsmir ota-onasi unga qanday yashashni oʻrgatayotganini his qilsa, unda har qanday mavzuda gaplashish istagi darhol yoʻqoladi. “Men sening yoshingda ...” va “Men senga aytgan edimku!”ga oʻxshash zerikarli nasihatlar oʻsmir siz bilan ochiq boʻlishni, muammo va muvaffaqiyatlarni baham koʻrishni toʻxtatishiga olib keladi. Maslahat berishdan oldin, farzandingizdan: “Senga mening yordamim kerakmi?” degan savolni berishni oʻylab koʻring. Ushbu iboralar moʻjizaviy taʼsirga ega hamda mojarolar sonini kamaytirishi va keskin tus olishini oldini oladi.

The desire to talk to parents about anything will instantly disappear as soon as a teenager feels they are being taught about life. Tiresome lectures, phrases “At your age . . .” and “I told you so!” will quickly cause your teenager to quit being open with you and quit sharing their problems and successes. Before giving advice, ask if your child wants to hear it: “Do you need my help?” Such phrases can do wonders and reduce the number and severity of conflicts.

## Farzandingizning shaxsiy chegaralarini hurmat qiling

### Do not impose

Farzandingiz muloqot qilishni va kechinmalari bilan boʻlishishni istamasa, bosim oʻtkazmang va talab ham qilmang. Ha, bu qiyin, chunki siz tashvishlanasiz va unga yordam berishga intilasiz. Ammo bu holatda siz sabr qiling va oʻsmirga u xohlagan vaqtda u bilan gaplashishga tayyor ekanligingizni muloyimlik bilan eslating.

If your child does not want to communicate or share deep feelings, do not push or demand. Yes, it is difficult, because you are anxious about him or her and want to help, especially since you probably know the best thing to do. But in this case, take a wait-and-see attitude and gently remind them that you are ready to talk with them whenever they want.

## Yangiliklaringiz bilan bo‘lishing

### Share your news

Farzandingiz ulg‘aymoqda, shundan kelib chiqqan holda u bilan muloqot qilishga harakat qiling. Rejalaringiz, ishdagi muammolaringiz haqida unga gapirib bering, ba’zi hayotiy vaziyatlarda ham maslahat so‘rang. O‘smir bilan ko‘plab “kattalar” mavzularini muhokama qilish nafaqat qiziqarli, balki foydali hamdir.

Accept the fact that your child is becoming an adult, and try to communicate. Tell them about your plans, about problems at work. Ask for advice on a life situation. Of course, you should not give out all your secrets or intimate information, but discussing many “adult” topics with your teenager is not only interesting, but also useful.

## Maslahat so‘rang va unga amal qiling

### Ask for advice and follow it

Farzandingizga kattalar ishlarida qatnashishiga imkon bering. Telefon tanlash va yangi kiyim sotib olish haqida fikrini biling yoki butun oila bilan ta’tilga qayerga borishni muhokama qiling. Asosiysi, o‘smir taklifi aql bovar qilmaydigan bema'ni bo‘lib ko‘rinsa ham, uni tanqid qilmaslik yoki rad etmaslik. O'smir o‘z so'zlari uchun javobgarlikni his qilsin. Uning fikri siz uchun muhimligini ko‘rsating.

Allow your child to take part in common activities that adults usually do. Ask for help to choose a phone, ask for an opinion on a new outfit, or discuss where to go on holiday as a family. Most importantly, do not criticize or reject what your teenager suggests, even if it seems like unbelievable nonsense. Make your teenager feel responsible for what he or she says. Show them that their opinion is important to you.

## O‘zingizni xotirjam tuting

### Keep your composure

Bu mojarodan g‘olib chiqishning samarali usullaridan biri. Chuqur nafas oling, o‘smirdan o‘zini nuqtai nazarini asoslashini so‘rang, u bilan xotirjam va aniq muzokaralar olib boring. Yodda tuting, o‘smirlar o‘zlarining shaxsiy chegaralarini sinab ko‘rish uchun ataylab kattalarning jig‘iga tegishadi. Agar sabr-toqatingiz tugayotganini yoki dalillaringiz yetarli emasligini sezayotgan bo‘lsangiz, shoshilmang va tin oling. O‘smirga xotirjamlik bilan keyinroq bu mavzuga qaytishingizni ayting va fursati bo‘lishi bilan albatta suhbatni oxiriga yetkazing. Ushbu usul suhbatni: “Meni aytganim bo‘ladi!” degan so‘zlar bilan yakunlashdan ko‘ra ancha samaraliroq.

*O'z his-tuyg‘ularingizni jilovlashga va bolangizning tuyg‘ularini his qilishga, o‘smirning kayfiyatini tushunishga harakat qiling, uning tanasi va ko‘zlari nima deyayotganiga diqqat qiling. Ha, siz ushbu vaziyatda tajribaliroqsiz. Shuning uchun mojaroning oldini olish yoki undan tezroq chiqib ketish uchun tajribangizni ishga soling. Shunda qiyin o‘smirlik davri unchalik hal etib bo‘lmaydigan va cheksiz bo‘lib tuyulmaydi.*

This advice is a valid way to gain a victory in a conflict. Take a deep breath, ask for a reasoned position, and negotiate with your teenager calmly and clearly. Remember that teenagers deliberately play on adults' nerves and test their personal boundaries. If you feel you are losing patience or have run out of arguments, take a time-out. Calmly tell the teenager that you are taking a break until tomorrow to think about it, and then come back to the conversation. This is many times more effective than ending the conversation by saying, “Because I said so!”

*Try to turn off your emotions and turn on empathy. Try to catch the teenager's mood; hear and see what their body and eyes are saying. Yes, you are still the most authoritative and experienced person in this situation. So apply your experience to avoid conflict, or get out of it as quickly as possible. Then the teenage crisis will not seem so intractable and endless.*
