

# **New Victories for Our Employees**

**2024 20 May**

On May 18-19, the "World Triathlon Cup Samarkand-2024" took place in the city of Samarkand, where Uzbekistan Airways Inspector Engineer, Alisher Ulugbekovich Rajabov, secured third place in the 50-54 age category!

The competition was held over the standard Olympic distance — 1500 meters of swimming, 40 kilometers of cycling, and 10 kilometers of running.

It is worth noting that as part of the World Cup in Samarkand, a press conference was held where the Minister of Sports of the Republic of Uzbekistan, Adham Ikramov, emphasized that thanks to the great attention of our President to sports in recent years, all areas, particularly triathlon, are developing and reaching new heights. All necessary conditions are being created for the national team, and the popularity of this discipline is growing among the population. In turn, international experts highlighted the significant growth of the Uzbekistan Triathlon Federation, despite it being relatively newly established.

Uzbekistan Airways prize-winner, Alisher Rajabov, notes that movement is life, and regular exercise helps keep the body in shape, stay energetic, and fully dedicate oneself to their work.

Engage in sports, stay healthy, and achieve new heights!

SUV RESURLARINI TEJASH VA ATROF-MUHITNI MUHOFAZA QILISH

Qoraqalpogʻiston Respublikasi va Xorazm viloyatining aholisi asosan, boshqichma-bosqich Respublikaning barcha hududlarida qishloq xoʻjaligi mahsulotlari ishlab chiqarishida suvni tejaydigan texnologiyalarni jori qilish uchun kreditlar 10 foiz stavkada (foiz stavkalarini hisobga olinib) ajratilishi taʼminlanadi.

Atmosfera zararli tashilarni muqobil ravishda xalqaro "karbon markazi" koʻlami mahsulotlari yetishtiruvchilar yashil maydonlarni tashkil qilish xarajalarini grant mablagʻlari hisobidan kompensatsiya qilyetin.
